305 Athletes Named to Athletic Director's Academic Honor Roll for Fall 2007

WEST CHESTER, Pa. - West Chester University student athletes continued to show their excellence in the classroom last semester as the university announced the names of a record 305 student-athletes, who have been selected to the Fall 2007 Athletic Director's Academic Honor Roll. It marks the first time since the school began handing out AD Academic Honor Roll citations that the student-athlete body eclipsed 300 names.

The previous record of 284 student-athletes was set during the fall semester 2004. The spring 2006 semester challenged the school record, but fell two short of the mark with 282 athletes recognized.

The honor roll consists of student-athletes from all of West Chester University's varsity athletic teams, as well as the cheerleading squad. Student-athletes earn placement on the honor roll by maintaining a cumulative grade-point average of 3.0, or by recording a 3.0 GPA for the semester.

The fall roster contains another school-record 10 athletes, who attained a perfect 4.0 GPA during the semester.

Women's Rugby placed a high of 32 members on the honor roll, while the football squad featured 27 representatives and the field hockey team placed 26 players on the list. Four sports in all managed to place more than 20 players on the honor roll list.
